LOCAL NEWS

Hon. Emory L. Frazier, of Lawrenceburg, a member of the late Kentucky Legislature, and a lawyer of prominence was in our town prospecting on locating with us for the practice of his profession. We trust Mr. Frazier was favorably impressed and that in the near future we may have the pleasure of initiating him into our citizenship.

Dock Maggard, reported seriously ill at Appalachia, was taken to a hospital at Norton for treatment and is now rapidly improving.

Miss Danola Fields and Miss Genevieve Davis, accompanied by Mrs. D. D. Fields, visited friends at McRoberts.

Nelson R. Gibson, popular Little Cowan citizen is locating temporarily at McRoberts where he has a good job.

The entertainment given at the High School Auditorium Friday night was up to the usual standard, was highly entertaining and well attended. It is said the play will be repeated in the near future.

Henry Pfening, Sr., father of Henry Pfening of the South-East Coal Co., was in town Monday looking about and getting acquainted. Mr. Pfening is an Ohian by birth but has resided at Paintsville for many years.

The smallest crowd we have seen in years was present at the opening of Circuit Court Monday. The weather for farm work is ideal and no doubt only those who had actual business took occasion to come to town.

Hon. Calloway Napier, leading Hazard attorney and well known Southeastern Kentucky citizen, spoke to a crowded courtroom here Monday and announced himself a candidate for the Republican nomination for Congress in this the Tenth district.

In our issue of March 31 in telling of a killing which occurred at Haymond we said it took place at Dunham. Hence we make this correction.

Applicants for teachers' certificates may be examined in May and June without any high school training. After July 1 all applicants must have had at least one year of high school work.

Teachers or others desiring to attend a six weeks summer school at Whitesburg to begin June 5 should write to the County Superintendent at once.

A meeting of the citizens of Blackey and surrounding section was held recently in the interest of the construction of a roadway between Bluefield and mouth of Caudills Branch. Strong resolutions were adopted and a committee appointed to take the matter up with the Fiscal Court. This was done and we understand the Court looked favorably upon the project. In due time, no doubt, this section of road will be built.

Sheriff James Combs, enforcement officer Jno. D. W. Collins, Policeman Clark Day, Millard Hall and other officers invaded northfork section of the county and arrested and brought to town only ten persons charged with liquor violations. The way was opened for a number of other arrest and charges.

Fire broke out in the home of farmer George Adams (Allen's son) on Dryfork Wednesday and destroyed every vestige of his home. His loss includes all his household goods, about \$200 in cash, \$60 in War Savings Stamps and a lot of Liberty Bonds. He had no insurance. George is one of our best citizens and everyone should join hands and help to place him back in living condition. The Eagle will accept contributions for his help.

When Court opened probably forty inmates were in jail and what can be done with the number expected to be given jail sentences is a riddle to be solved. Already the Fiscal Court is providing to build an annex to the jail which is badly needed.

Uncle Wesley Taylor, now 75, who as a little tot, played on the streets of Whitesburg, was over from Appalachia visiting the scenes of his childhood.

At Hemphill Tuesday morning Wesley Webb, one of our best known citizens, had the misfor-

tune to lose most of his right hand in a machine shop accident. Maj. Webb, his brother here, went to see him immediately after the accident and reports that if no serious complications arise he will soon be alright.

April Circuit Court

In his usual explicit way Judge Childers convened Court early Monday morning and started another of his business terms of Court moving. Owing to the extreme busy season of the year and the poor pay allowed those who sacrifice their time as jurymen, there was some delay in empaneling the juries, but this was finally accomplished. The Judge's instructions were along the usual lines urging upon the juries the importance of saving the country by enforcing the laws. That those who violate the prohibition laws are to be handled along safe and sane lines was plainly observed in His Honor's instructions. That is to say, the Court strongly impressed its purpose in endeavoring to curb and prevent violations and not to punish except when only this will do. Judge Childers as a jurist continues to be held in the highest estimation by all good citizens and he is building a tower of respect for the laws and their enforcement.

Building Notice

Plans and specifications for a schoolhouse at Bluefield can be seen at County Superintendent's office. Bids will be received up to May 6. Board reserves the right to reject any and all bids. By Order of County Board.

Address by Henry Pfening Before the Fiscal Court of Letcher County, Kentucky, on April 4th, 1922

Your Honor, Gentlemen of the Fiscal Court and Citizens of Letcher County:

A more representative gathering of Letcher county could not be found anywhere than we have here today, officials and citizens of Letcher county, with the one thought I am sure to do the best for Letcher county. I personally come to you as a citizen only, believing that I am a Kentuckian at heart as much as any of you here. I came to Kentucky some fourteen years ago, married a Kentucky girl, have three Kentucky babies and I believe this fact alone gives me the honor of calling myself a Kentuckian. I am sure that my whole interests are here in Kentucky and especially in Letcher county where I have spent the last six years.

When I asked Judge Fitzpatrick if I might speak to the Fiscal Court on this occasion, it was not from any selfish viewpoint, but because I felt from my heart that there was something for us to consider that would be for the betterment of Letcher county as a whole. My message to you today is on highways. You all know that I served as a member of the Road Commission of Letcher county and during that period of time gave a great deal of thought to the road situation as it exists in Eastern Kentucky.

I would thank you to refer to this map before you on which you will note a part of Tennessee, Virginia and Ohio is shown and note particularly that a direct line from the South to the North passes through the Southeastern tip of Letcher county. As you all probably know, there is a movement on foot to build a highway North and South passing thru Pound Gap and down the Big Sandy Valley. In fact it has reached a stage beyond a movement and is now an actuality. There is actual construction started on this road. A number of miles are being built along the Mavo Trail, a \$750,000 bridge has been built and is now opened for use across the Ohio river between Ohio and Kentucky. The road is now being advertised between this bridge and Ashland. There is approximately 40 miles that will be let in Boyd and Johnson counties with a strong hope of six additional miles in Johnson county which will take the road to Floyd and Pike counties where I understand plans are on foot to take care of that part. In Virginia all of the work is under way that will a hard surfaced road from Pound Gap south, and gentlemen, at this time I want to tell you how it came about that a portion of the road from Pound Gap south is being built. Last summer when the commission which was officially appointed by the court of your county was looking into the various road matters and realizing the importance of a road which would put Letcher county in connection with a hard surfaced road that would give us an outlet, we visited the county of Wise in your mother State of Virginia, and

there had a conference with the Supervisors and the men who are behind good roads movements in that State, discussed the matter fully and while there this commission and theirs entered into a verbal agreement with representatives of Wise county, that providing our Legislature which has just finished its work, would make the three miles from Jenkins to Pound Gap a part of our State Highway System, which has been done, that we would build our three miles of road from Jenkins to Pound Gap to join them on top of the mountain. They had a great deal more to do than we in the making of this road. They had approximately six miles to build compared with our three. Taking this commission at its word, they proceeded to secure the proper funds and now I understand they have \$185,000 appropriated to build this road which will be an 18 foot hard surfaced road down the mountain. While it is important that we consider this piece of road as one of the most important in our county, I am quite aware of the fact that there are other roads that appear to be just as important to some of the citizens of this county. I quite agree with you that there are other roads that are important. I quite agree with you that a road across the mountain connecting up the Cumberland river with the county seat is important and I am personally just as much interested in seeing a road across this part of the county, as I am across Pound Gap. I would not like to see all of our available money spent on any one road in our county from which only a portion of the citizens would receive some benefits. If you will stop to consider for a few moments, you will note that we have a road leading towards Hindman, we have a road which it is possible to get over leading to the upper end of the county, and we have roads that are possible to get over going towards the mountains which divide Kentucky river and Cumberland where we do need a graded road that will put us across the mountain bringing together the Cumberland river side of Letcher county and the Kentucky river side, and while we are thinking about the project that I referred to, that of the Pound Gap road, I would not have us for a moment overlook the fact that the Cumberland river road is of interest to the advancement of Letcher county.

Letcher county has always been considered virtually the tail end of Kentucky due to its remote geographical location. It is on the very end of the two railroads that penetrate Eastern Kentucky and I do not forget that the people who live further down towards the other end of these railroads try to make us the whip-cracker of every movement that is made, and, gentlemen, it is my thought here today and it is my principal reason for appearing before you today to point out to you how by expenditure of some of the available

money we have that we can turn this situation around and instead of Letcher county being the whip-cracker of every movement that is put on, that we will be the main stock and barrel of Eastern Kentucky, by the building of a road across Pound Gap and making a passable road thru this county. Can you not readily see that we will make our county the mouthpiece through which all business and all commerce and all travel must pass coming out of Eastern Ky., including Letcher, Perry, Knott and even Breathitt and crossing over into Harlan if there is a road across this mountain? You can readily see what it means to Letcher county to have an outlet of this kind. It means, gentlemen, that we virtually turn this State around as far as Letcher county is concerned.

As you all know two railroads terminate in Letcher county, one heading up on Kentucky river headwaters and the other on Elk horn, and so far as I know there is no possibility of the roads ever being tied together: you can understand and see the importance of Letcher county in tying these two railroads together by a highway that will give us two roads instead of one to serve virtually all of Letcher county.

Had I time, I could go into freight rates and various other things to show you how a highway between the two points soon would pay for itself to the people of Letcher county.

In spending the money of Letcher county, this Court, I am sure, desires to take into consideration and do the thing that will do the most good for the most people in their county. I would thank you for a moment to consider the population and the location of this population when you make a decision as to how and where you will spend this money from the bonds that have been voted and passed on by the various courts as being entirely legal, and now in your hands to do with as you see fit, providing of course that you comply with the contract that this county has made with the State Highway Commission in which we have agreed to turn over to them \$250,000 and receive back in its place \$500,000 to be spent on the State highways in our county. The terms of this contract are, as I take it, familiar to each of you and it would not be necessary for me to go into the details more than to say that it is a contract; and since the \$500,000 bond issue failed in this State, I take it that every member of this Court is very happy that the Court previous to this executed a contract with the State which obligated them to pay over to us \$250,000, or an amount equal to ours, all to be spent on Letcher county highways, and a point that I would not have you overlook is a fact that once these highways are built, the State obligates itself to maintain them, keeping them in repair, relieving this county of a vast expenditure

each year that is now necessary to keep our present roads in a passable condition.

Your Honor and Gentlemen of the Court, I do not come here today to try to ask that the Court reconsider anything that it has done with reference to the County Highway Commission that was appointed last year, and to show you that I have no desires along that line or any feeling in the matter because this Court saw fit to discharge the Commission that had been appointed, I have given your Judge my resignation as has every other member of the board, I think. I told your Judge in various conversations that anything I could do for Letcher county in which there was no compensation attached, I was only too glad to do it. I am not seeking a job, nor seeking anything else, except something for Letcher county that I know and am heartily convinced that it needs.

I want to leave this map that is before you here with you. I hope that each of you will study it. I hope that each of you will come to the realization as I have, that the expenditure of that portion of the money that you have in your hands will be expended with the thought in mind of doing the people of Letcher county the most good and I know that when we spend a portion of this money and build three miles of road from Pound Gap down off the mountain, that we have virtually changed Letcher from a county that is deemed by the people of the Bluegrass section as a backwoods county into one that will be of foremost importance in the next few years to come.

Thanking you for your attention, and hoping that what I have said may be of some help to you in making your decision as how to spend our money, I leave the matter in your hands with the fullest confidence that the best of judgment will be used and when it is used that it will be right.

EDITOR'S NOTE—The above address is from stenographic notes taken by B.W. Hale for the Eagle and we publish same in order that our citizens may get the benefit of the spirit and progress that pervades everywhere. "Forward, Letcher county! Good roads and better roads," is our slogan.

EASTER NOTES

Next Sunday the sun coming over the Eastern hills will light up another Easter.

Dear blossoms, once again you come
Your story to repeat,
Too often, dears, you cannot bring
The Easter message sweet,
Of beauty springing ever new,
From loss, and grief and gloom;
Of joyful resurrection from
The darkness of the tomb.

It is more than a church festival. Believer and unbeliever together share the influences of the day. In each of us, in whatever creed we formally profess, there dwells the feeling that the day betokens. It is the assurance that life is worth the living and that life can never lose its own. We stand that day not on the brink of the tomb but on the threshold of eternal life and love immortal. Ah, what an inspiration of joy, what a buoyant renewal of hope flooding an old and tired world! It should inspire our lives even as the springtide floods and fills the meadows and hills with her everlasting miracles.

He is risen! Would you know him
In the early light of morn;
As the seals of sin were broken
And grim death of strength was shorn?
He is risen! Would you know him
If you met your risen Lord
Would his loving, gentle accents
In your heart find sweet accord?
Then if He to you is risen
On this Holy Easter Day;
Over sin, and death and sorrow
You will triumph in His way.
He is risen! All things are under
His feet! Glorious, blessed
Easter!

QUIT TOBACCO

So easy to drop Cigarette,
Cigar, or Chewing habit

No-To-Bac has helped thousands to break the costly, nerve-shattering tobacco habit. Whenever you have a longing for a smoke or chew, just place a harmless No-To-Bac tablet in your mouth instead. All desire stops, and you are better off mentally, physically, financially. It's so easy, so simple. Get a box of No-To-Bac and if it doesn't release you from all craving for tobacco in any form, your druggist will refund your money without question.

Take Gude's Pepto-Mangan

It is the Safe and Reliable Tonic Used by Physicians for 30 years

There are "new styles" even in medicine. A new "fad" comes in popular for a while, and then fades out of public view. A remedy that has stood the test for thirty years must have remarkable merit and cannot be called a "fad." Such is Gude's Pepto-Mangan, originated by Dr. A. Gude over a quarter century ago, which has helped many thousands of people back to good health by improving the blood. Pepto-Mangan is an iron tonic. It contains iron in a special form easily absorbed by the system. It puts color into your lips and cheeks and improves the entire body by improving and enriching the blood. It is sold by druggist in both liquid and powder form. If you want to be well and strong and look fine and healthy, take Gude's Pepto-Mangan. Adv.

HIS EARNING POWER IS NOW GREAT AS EVER

"Tanlac Certainly Did A Hundred Per Cent Job In Restoring My Strength," Declares Akron Citizen.

"Tanlac has simply made a clean sweep of all my troubles and built me up to where I am a strong and healthy man again," said Wm. N. Martin, well known brick mason, 1164 Bellows St., Akron, Ohio. "My troubles started with the flu, which left me almost helpless and the worst part of it was, I didn't seem to have power to rally again. My stomach was all upset and there were times after eating when I had a mean, stuffy feeling and I felt I would give the world if I could just get one long breath. I was very much worried and began to think it wouldn't be long before I would lay my last brick. "Tanlac has simply made a new man out of me and I am strong for it. It did a hundred per-cent job in my case."

MOTHER, QUICK! GIVE CALIFORNIA FIG SYRUP FOR CHILD'S BOWELS

Even a sick child loves the "fruity" taste of "California Fig Syrup." If the little tongue is coated, or if your child is listless, cross, feverish, full of cold, or has colic, a teaspoonful will never fail to open the bowels. In a few hours you can see for yourself how thoroughly it works all the constipation poison, sour bile waste from the tender, little bowels and gives you a well, playful child again.

Millions of mothers keep "California Fig Syrup" handy. They know a teaspoonful today saves a sick child tomorrow. Ask your druggist for genuine "California Fig Syrup" which has directions for babies and children of all ages printed on bottle. Mother! You must say "California" or you may get an imitation fig syrup.

19 Year Record for Pee Gee Mastic Paint

Home of
Mrs. T. G. Green
Eatonton, Ga.

Down in Eatonton, Georgia, you'll find real proof of the splendid wearing qualities of Pee Gee Mastic Paint. It was used there some nineteen years ago on the home of Mrs. T. G. Green, who writes the following letter:

"My house was painted with Pee Gee Mastic Paint nineteen years ago, and I want you to estimate what will be needed to go over it again. The house is in splendid condition although such a long time has elapsed since it was last painted. One room in which Pee Gee Flatcoat was used nearly twelve years ago is in good condition still, but I want it freshened up."

The great durability of Pee Gee Mastic Paint is due to its 50% of Zinc content ground in pure Linseed Oil and White Lead, making it a Double Pigment Paint.

Pee Gee Mastic Paint produces a tile-like film which successfully resists the elements, does not crack, peel or chalk off.

The high zinc content gives Pee Gee Mastic Paint its unusual covering and wearing capacity. It is by far the most economical paint you can use.

For interior walls and ceiling, use Pee Gee Flatcoat, the modern, sanitary, durable, flat oil finish. Comes in 24 deep, rich velvety colors.

MILEAGE

Mileage is the "commodity" one purchases when buying a tire; not mere materials, but the service that certain materials will perform when combined.

Greater mileage is assured in Hydro-Toron tires because processes and principles employed represent the industry's greatest forward steps. The Internal Hydraulic Expansion Process prevents defects from being built into the tire—concealed from sight.

The Toron (no-rot) chemical treatment of fabric gives greater tensile strength, greater holding power between layers, increased affinity for rubber and complete protection against the damaging effects of moisture.

Hydro-Toron tires are oversize—as big as cords, better than cords. Next time you are ready to buy tires, come in and let us show you the tire you have heard so much about.

Why Suffer?

Cardui "Did
Wonders for Me."
Declares This Lady.

"I suffered for a long time with womanly weakness," says Mrs. J. R. Simpson, of 57 Spruce St., Asheville, N. C. "I finally got to the place where it was an effort for me to go. I would have bearing-down pains in my side and back — especially severe across my back, and down in my side there was a great deal of soreness. I was nervous and easily upset."

TAKE

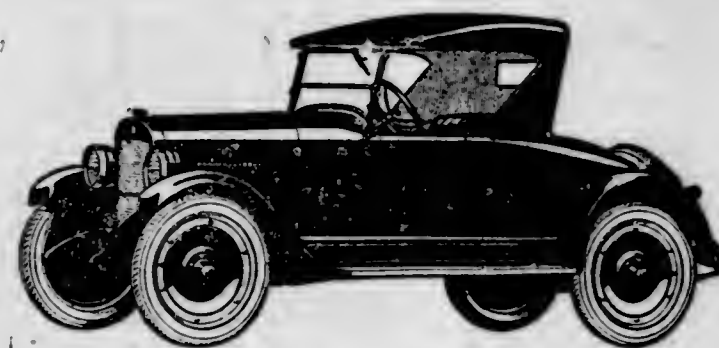

CARDUI

The Woman's Tonic

"I heard of Cardui and decided to use it," continues Mrs. Simpson. "I saw shortly it was benefiting me, so I kept it up and it did wonders for me. And since then I have been glad to praise Cardui. It is the best woman's tonic made." Weak women need a tonic. Thousands and thousands, like Mrs. Simpson, have found Cardui of benefit to them. Try Cardui for your trouble.
